
Job Opportunity:

Coastal Engineering Associates, Inc. (COASTAL), established in 1958, is a multi-disciplined firm providing surveying, engineering, planning, environmental, and construction management services throughout Hernando, Citrus, Sumter, and Pasco Counties in west-central Florida. COASTAL is seeking a full-time **Design Engineer** to join our Civil Engineering team.

Position Overview:

As a Design Engineer, you will assist senior engineers and project managers with technical support on a wide range of civil projects. You'll be engaged in both office and field work, including site development, grading and drainage design, stormwater systems, roadways, and utilities. This is an excellent opportunity to gain practical experience under the mentorship of licensed professionals and grow within a collaborative consulting environment.

Key Responsibilities:

- Assist in the design and preparation of civil site plans, grading plans, stormwater systems, and utility layouts using AutoCAD Civil 3D.
- Perform basic engineering calculations, prepare technical documentation, and contribute to permitting packages.
- Conduct field work, including site visits, construction observation, and data collection.
- Collaborate with multi-disciplinary teams, including survey, CAD, and senior engineering staff, to ensure accurate and timely project delivery.
- Support the preparation of reports, exhibits, and permit applications for local, state, and federal agencies.
- Apply company standards and client-specific guidelines to produce consistent, high-quality work.
- Participate in QA/QC procedures and adhere to project schedules.

Qualifications:

- Bachelor's or Master's Degree in Civil Engineering
- Engineer-in-Training (EIT) certification preferred or ability to obtain within 12 months.
- Familiarity with AutoCAD Civil 3D (2018 or newer) and Microsoft Office Suite.
- Strong written, verbal, and interpersonal communication skills.
- Willingness to learn and grow in a team-oriented environment.
- Ability to work both independently and collaboratively in office and field settings.

This is a salaried, full-time position with core hours from Monday to Friday, 8:00 AM to 5:00 PM. The role includes a comprehensive benefits package, featuring company-paid health insurance, a profit-sharing 401(k) plan, annual performance-based bonuses, paid time off, and holidays, as well as support for professional development and licensing assistance.

COASTAL is seeking team-oriented professionals committed to quality and growth who are eager to work in a dynamic environment—submit your resume to Lindsay Ollier for consideration.
